### SKILLS

#### Languages

- Dart
- Java
- C
- Javascript
- Html & CSS

#### Framework

- Flutter

#### Dev Tools

- Git and Github
- Postman

### EDUCATION

#### B.Tech in Computer Science

Mes College Of Engineering  
Kuttippuram  
2019 - 2022

#### Diploma in Computer Engineering

AKNM GPTC, Thirurangadi  
2016 - 2019

### LANGUAGES

- English
- Malayalam
- Hindi
- Tamil

### PROFILE

Hey there, I'm Shabeeb C, a recent B.Tech graduate with a strong foundation in technology and a passion for driving innovation. I'm currently seeking a fresh opportunity in the tech industry. I bring a diverse range of skills to the forefront, including expertise in multiple programming languages like Dart, Java, C, HTML5, CSS, Bootstrap, Python, Javascript and SQL.

### EXPERIENCE

#### Flutter Developer Intern

Edapt - Malappuram, Kerala

03/2023 - 09/2024

- Worked with a group of programmers to design, create, and manage mobile applications utilizing the Flutter framework.
- Made use of the Bloc and Provider for state management to effectively handle the data for the app.
- Firebase Authentication is integrated for safe user authentication.
- Created a weather forecast app that can get weather information from a REST API and store it for later use.
- Participated in user flow optimization and UI/UX design decisions.
- Performed code reviews, found flaws, and quickly fixed technical problems.

### PROJECTS

#### • Expense Tracker App (2023)

An efficient and user-friendly mobile application for tracking daily income and expenses. This app employs Provider for state management, SharedPreferences for data storage, and Firebase Authentication for user security.

#### • Weather Forecast App (2024)

A weather forecast application that fetches weather data from a REST API and stores it for offline access. This app provide accurate weather information in an intuitive interface.
